Help Save the Sandy Fishery by Fishing

June 1, 2013

**Historic
Springdale Pub,
Corbett, OR**

**Cash Prizes
Raffles
Beer Garden
Live Band
Boat Parking
and Security**

**Early Registration \$60
\$70 after May 24**

**All participants
receive a T-Shirt,
burger, fries, and
drink**

**SANDY RIVER SPRING
CHINOOK CLASSIC**

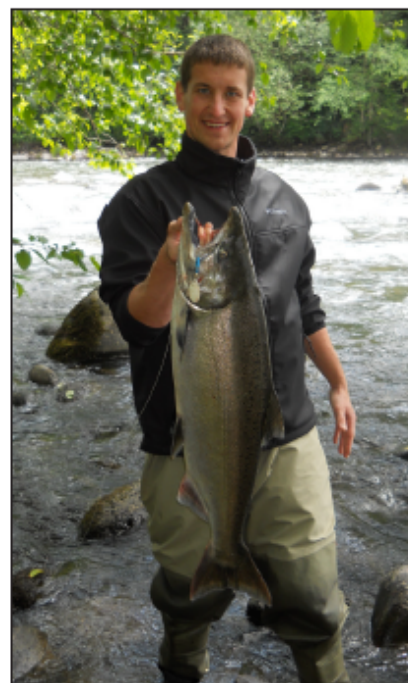

**Proceeds used
to protect the
Sandy's fishing
heritage**

**Fish can be
caught any
where in
Oregon and
Washington**

**Register by sending form
on back of flyer, online
at www.nwsteelheaders.org/SandyClassic, or call
503-653-4176.**

TOURNAMENT RULES

1. All anglers are welcome, bank or boat.
2. Early entries (before May 24) are \$60 per person. Entries May 24 or later are \$70 per person.
3. Register at www.nwsteelheaders.org/events/sandyclassic, call the Northwest Steelheaders, 503-653-4176, or send in the form below with payment.
4. Anglers may fish anywhere in Oregon and Washington.
5. Only hatchery salmon caught Saturday, June 1 will be counted. All anglers must have their fish at the Historic Springdale Pub, 32302 East Historic Columbia River Highway in Corbett from 2-4 pm weigh in.
6. Special trophy for the single largest salmon weighed in. Cash prizes awarded for top three individuals. Prize amounts based on number of entries. Please keep fish hidden until official weigh in.

7. ODFW biologist on site to weigh fish.

8. All anglers in the boat must be registered or the entire boat will be disqualified.

9. Fish will be weighed and measured for a total individual score. Greatest total fish weight wins, two fish allowed per angler. In the event of a tie, combined length will be the tie breaker.

10. All anglers must comply with ODFW regulations.

11. Prize awarded for largest steelhead.

12. No entries will be accepted for the tournament after 8 pm Friday, May 31.

13. The Derby Master will have the final say on all rules and interpretation of rules.

President's Message

The NW Hatchery Programs are Under Attack

The recent refusal by US District Court Judge Ancer Haggerty to grant an injunction stopping all releases of hatchery fish into the Sandy River and all of its tributaries was a victory for the ANWS, and its allies, who filed an amicus curiae (friend of the court) legal brief in support of ODF&W.

While this ruling is a victory for the ANWS, it is only a victory in the Sandy River battle against the NFS, but it is by no means the end of the overall regional war being waged against hatcheries. At issue is the Hatchery Genetic Management Plans (HGM) filed for all rivers with hatcheries but for the Sandy River in this case. There are and have been other cases trying to overturn the entire hatchery program in the region.

Two suits were filed in CA, one on the Elwa River in WA and one on the McKenzie River in OR, in addition to the Sandy River filing.

The Sandy River Chapter of ANWS is actively helping defray the costs of the Sandy River suit by helping fund the amicus, by pledging further financial support and by sponsoring the Sandy River Spring Chinook Classic.

You can help by supporting ANWS financially and by participating in the June 1st Spring Classic, whose net proceeds are pledged to the defense fund.

The Sandy River Chapter challenges the other ANWS Chapters to match us 'in kind' in defense of our rivers.

Today it is the Sandy and Elwa Rivers, tomorrow the McKenzie and later your river.

Perhaps we can stop this onslaught before it affects your river.

Doug Briggs,
President

A Springer Adventure*By John Hydorn*

It was still dark outside when the alarm went off, but I got up excited. I had not caught a Chinook since last year when I fished with Russ Marrow last April when he got us into some serious springers.

Maybe today will be the day....

We met Russ at the Scappoose Marina dock and were quickly into the Multnomah Channel fishing. First to catch a fish was our el Presidente, but unfortunately Doug had to release the unclipped beauty.

Next in line was Steve Childress and luckily...it was a chromer with no fin.

Then I hooked up on the next two and proved it had been a while as they swam off the hook just as Russ was preparing to net them.

Then the Colonel brought in one with no fin, showing me exactly how to bring one in. He then graciously offered me his rod the next time a fish decided to take his line and one did, in fact, do exactly that. Now the Colonel will tell you that I muscled my way in and knocked him to the floor to get at that rod... but we all know how he loves to tell stories. And just as soon as he gave me the rod I felt a good head shake and the fish took a couple of good runs.

Finally, it turned on me and for the third time, I was left with empty hooks. I am sure they were all native...right?

Anyway, I will be beating myself up until I learn fully what it means to keep the pressure on these barbless hooks as I thought I was doing exactly that. Steve then finished off the day with another bright fish and another lesson in keeping the pressure on. Also, thanks go to him as he shared his fish with both Doug and myself.

It was a beautiful day of fishing and great catching as we went 3 for 7. If you ever get a chance to fish with Russ, do so.

Within the next week would be a good idea if you want a springer.

Just call him at 503-310-9733

or send him an E-mail at fishwithruss@yahoo.com

*Sandy River Chapter - Board Meeting Minutes
Wednesday - April 10, 2013*

In Attendance: Doug Briggs Scott Bowling Nona Bowling Leslie Hinea
 Art Israelson Mike Myrick Larry Palmer Steve Rothenbucher
 Russ Sumida

Meeting called to order by Doug Briggs at 6:30 p.m.
Meeting minutes from prior meeting were approved.
Meeting Minutes from the election of officers and Directors were approved

I. Old Business

1. Doug reported that the Sandy River Classic entry fee is \$60, not \$50 as previously reported.
2. Col spoke with Tippi Canoe who will donate space for the event.
3. Follies was a success!
4. Mike reviewed Treasurer's report. As per the Board's prior agreement, the first disbursement of \$1,000 was submitted to the Association defense fund on the Sandy Hatchery lawsuit. The attorneys reduced their fee by \$8,361 so at this time the additional \$1,000 installment will be disbursed on Association needs.
5. The Tillamook Fish-along fee of \$75 includes 2 nights lodging and the usual fantastic food.
6. Continued discussion regarding volunteer hours as an incentive for events such as fish-alongs and the like. Larry suggested that people who volunteer their boats have their fee waived.

II. New Business

1. Directors and Committee heads as listed were unanimously approved in the current positions.
2. Agreed that the open positions of Raffle & Door prize sales should be held by a member that is not a member of the current board. Doug has a suggestion – Mike Broadway – Doug Will Contact him.
3. Leslie reported that she needs volunteers for the auction.
4. Leslie reported on recent donations for the auction.
5. Doug reported that Col will assemble 25 grab bags for the auction in the Cox building before the event.
6. Doug asked if there were a record of items and buyers from last year's auction – who bought the Ed Fast trip? Possible testimonials on the value of the trip?
7. Larry reported that the STEP date for Buck Creek has changed to 7/13. Also the progress of potential future project such as Christmas tree in the streams and overcoming the storage, transportation and completion. Larry will make sure his communication is clear to the STEP program that we have volunteers that want to do projects.
7. Larry reported that the overall attendance of the Springer Clinic was low, but those that did come enjoyed themselves and the interactive demonstrations were getting more action than talking with the guides. 8 new members joined during the clinic. With more planning, we could do 3-4 clinics a year.
7. Doug reported that a he received a thank you note for the volunteers on behalf of the NSIA.
8. Leslie reported that NSIA donated \$1,000 that is split between the chapters whose members volunteer. The Sandy Chapter usually donates their portion and we will donate our portion back to NSIA.
7. Doug reported that he spoke with Tom Gemelli and Tom's wife is now home with a caregiver.
8. Art reported at the STEP conference he took cedar fish and approximately 120 went to Pendleton, Coos Bay and some to Canada!
13. The requirement of individual waivers for each volunteer is a lot of paperwork and the decision was made that at this time we will not partner with SOLV. Russ also reported that there are 12 people currently signed up for the 5/11 cleanup.
14. John put out the request for content for the website.

Meeting adjourned at 8:10 p.m.

Sandy River Chapter Annual Family Picnic
Saturday, July 27 at Norm and Joli Ritchie's Back Yard

Mark your calendar now for our Sandy River Chapter Family picnic. After many successful years at Larry and Sharon Beaver's back yard and the 2012 last minute family emergency cancellation, the party is moving west to Norm and Joli Ritchie's back yard. Other than the location, just about everything else will be the same as last year. Everyone can expect a great time with barbecues on the patio and plenty of relaxation and fellowship with good friends and family.

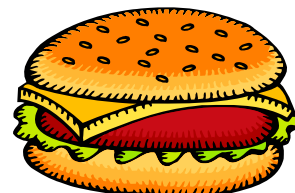

The chapter will provide salmon, hot dogs, and hamburgers as well as soft drinks and coffee, plates and utensils. Bring your family and a salad, side dish, or desert to share. Do not forget your appetite for food and fun. We will have everything set up for people to arrive at 12:30 PM. Kid's games with prizes starting at 1:00. Your kids or grand kids (nephews, nieces etc.) will have a great time. We will start the meal at around 1:30 PM.

The Ritchie home is in the middle of the chapter's membership region at: 2834 SE 166th Ave., Portland, OR 97236

You can call Joli Ritchie at 503-760-5551 for details, to sign up to attend or sign up at the prior chapter meetings. RSVP must be received no later than Tuesday, July 21st to in-sure we have enough food & beverages.

A big membership effort

Many chapter members are unaware that the chapter has shrunk in size for the past two to three years. This trend only means that we can do less conservation work and fishing trips together in the future.

To reverse this trend, the chapter board has decided to make a commitment to inform the public about our chapter and recruit new members by participating in **Summerfest** a large neighborhood fair held in Troutdale on July 20th.

The chapter's part in this overall effort works out into three interrelated pieces that go together this way-

Summerfest- July 20th- At the vent in Troutdale we will advertise an upcoming free clinic (similar to the one we did recently) and seek to take reservations for it from the general public. The focus on the booth will be membership recruitment and promoting the clinic.

We will have some hands on demonstrations going on – things like knot tying, slinky making, "make a Yarnie" and so forth to get people to stop and talk with us. We will distribute information sheets with a "Yarnie" stapled to each, inviting people to the clinic, and our next meeting.

Volunteers are needed.

Fishing Clinic:- August 3rd similar to our last one in the Sam Cox Building, Glenn Otto Park

Volunteers are needed.

On stream session for members: August 17. Shore fishing trip.
Meet at Glenn Otto Park at 8 AM.

Please contact Larry Palmer to volunteer for any of these important membership recruitment efforts at: 503-286-2093 palmerlarryd@yahoo.com

PFD, to Swim or to Drown

Fishing buoy 10 out of Hammond, we were tied up at the dock by 2:30 because gale force winds were forecast for 3:30.

We were hoisting a beer, cleaning fish and listening to the Coast Guard Channel, when the Coast Guard reported two capsized boats and 6 men in the water.

Later that evening, on the 11:00 news an overzealous TV reporter accusatorily asked the young Coast Guard Lieutenant "What went wrong here today?". Unfazed by her demeanor, he responded with something like: it's actually quite simple, two boats capsized putting 6 men in the water, three were wearing life jackets, three were not. Guess who drown?

We lost an 18 year old, a 54 year old and a 68 year old, all men.

This cold water doesn't care how old or how macho you are. It kills quickly.

At a meeting last month I ran into a friend with his two middle fingers taped together.

I ask what happened to his fingers. He said he dislocated them when his son threw them both out of his Kauffler boat into the cold Willamette. He had just re-motored the boat, which continued down the river until it hit the I-5 bridge, destroying itself. He said they had PFD's on or they would be dead.

Are you worth \$150? Can't you pass up a couple of Kwik Fish & service your PFD Annually?

Yes, the automatic PFD is worth the difference in price. If you hit your head on your way to the water, it inflates on contact with the water, while you are starting to panic, gasp for air, become disoriented and are unsure what is happening.

With the manual PFD it quietly waits for you to pull the handle, while you drown.

Buy an Automatic PFD, Inspect & wear your PFD every boating trip, Service the PFD Annually

Spring Sandy River Clean-up Set for May 11th

Russ Sumida, Sandy River Clean-up Committee Head announced at the recent membership meeting that May 11th will be the date for this twice annual event.

The volunteers clean-up Lewis and Clark State Park, including the East river frontage, Glenn Otto Park, which includes the West river frontage and Dabney State Park, as well as the island and river frontage.

The advantages to the member is an opportunity to get volunteer hours for a half day commitment, since the event begins with a volunteer assembly at Glenn Otto Park at 9:00 and finishing with a group photo at noon.

The City of Troutdale allows the Chapter use of the Cox Building for our meetings in recognition of this valuable event.

Russ offered a challenge the membership to join us at the parking lot and will award a Chapter logo hat to the person collecting the most trash, by weight.

In past years we found a Safeway shopping cart, three 55 gallon trash bags full of un-delivered yellow pages and a 1920's vintage wheel & tire.

We have never collected less than a small pick-up load. Arm extenders, trash bags, rubber glove and hand cleaner/sterilizer will be provided.

Hum a few bars of 'Take me to the river' & join us.

Mark Anderson

Bull Run Acclimation Pond

I want to thank the 11 Sandy Chapter people and 3 community volunteers who worked with Jeff Fulop from the ODFW to assist with feeding Spring Chinook Smolts at the Bull Run acclimation pond.

The first group of 66,000 arrived March 1. They were scheduled to be released March 22nd, but a lawsuit by the Native Fish Society and the McKenzie Fly fishermen held up the release date for an extra week.

This resulted in a higher daily mortality rate for the Smolts. On March 28th we received another 66,000 Smolts.

I can't say enough about this crew, they really hung in there through all the legal uncertainty.

I hope in 2 or 3 years to see these fish again.

The volunteer's put in a total of 176 hours and traveled 1,724 miles.

I would like to thank: Roger and Debi Beal, Doug and Pam Briggs, Russ Sumida, Curry Moore, Scott Leinenger, John and Leslie Hydorn, Jack Morby, and Jose Villalpando.

I would also like to thank community volunteers: Caleb and Colby Jones and Marlan Rohlena.

Howard Berg

Steelhead 17 Sandy River Chapter Fish-Along ½

When Larry Palmer organized the latest "How To" Clinic held on March 20th, he include a Fish-Along component for those who wanted to apply the lessons learned at the clinic, have some one-on-one tutoring and wet a line in hopes of landing Mr. Steelhead.

Larry had 3 Volunteers for Team Leader, 3 to act as Asst. Team Leader and 15 anglers, the Team Leader picked a place for his group to walk into; ranging from a ¼ mile to ¾ mile each way. Jim chose the area up stream from the Troutdale bridge, Jeff opted for 'his favorite' Flood Plain and Doug elected the Gordon Creek Hole in Oxbow Park.

The Team Leaders, Asst. Team Leaders and the anglers are listed below. For you math majors, there were four anglers that were no shows due to illness and unexpected conflicts. Please note that Team two was 50% women anglers.

Team Leader Jim Cathcart
Asst. Leader Howard Berg
Asst. Leader Harold Blenn

Team Leader Jeff Kirkman

Team Leader Doug Briggs
Asst. Leader Bill Kirkpatrick

Stan Carovano

Ron Linder

Marty Valencia-Blanco
Danette Cuimano
Rich Jessel
Robert Stephens

Marv Blanco
Matt Kaminker
Matt Mansfield
James Stengle

The river was at full volume reading over 10.8' on the gauge, had a fast flow but had good color. While the river was fishable, it was not producing fish. The teams fished from 8:00 until noon. The only catch was a smolt caught by Jeff. After a long talk with Jeff, whereby Jeff told the smolt to go to sea, gain some significant weight and come back to the same spot on the same date 2 years from now and bite Jeff's hook, the smolt was released.

Thus the final score 17 to ½.

Stream Team Update

Firstly I'd like to thank all of you who have volunteered to be members of the Sandy River Chapter **Stream Team**! We have a couple projects in the process of being organized and I am working on a third one for late fall.

The first intended project will be improving cover habitat for juvenile fish in Beaver Creek by placing bundles of old Christmas trees. These give the young fish a place to hide from predatory birds, and a place for insects that the fish eat to grow.

We will locate trees in the late fall or post Christmas Holidays and place them in Beaver Creek

We will need you!

Contact info is Steve Rothenbucher - 503-257-0039 srothenbucher@clear.net.

Please let him know you are coming so we can get a head count.

The Buck Creek fish passage project is set for July 13th. This is a simple project, but involves removing rocks from jump pools below the culvert by hand. We'll be in the water a bit, so bring your boots, and grip type work gloves.

If you have some 5-gallon buckets bring a couple of those too, I'm trying to get a supply of those as well. From doing similar projects in the past I have found that the "human chain" method of passing buckets along is the simplest, safest, and least tiring way to get this job done.

There will be a nice camp style hot lunch served by Joe Blum, so please call me ahead of time or send me an email so we can get the head count right. 503-286-2093 palmerlarryd@yahoo.com

The lunch will be good, and for all you workers it will be free! Who says "there is no free lunch?"

To be a part of this project, be in the parking lot at Glenn Otto Park at 7:45 Saturday the 13th.

About those lunches...the chapter will pay for the food for all such events, but in order to save funds we could use donations of service-able cooking gear for camp style cooking, a propane stove that's easy to transport, ice chests, and so forth. So go look out in your garage, and see if that thing you bought to go camping and only used twice is still in your way.

If so, contact Joe Blum: icecreamman310@hotmail.com
