Oregon and Washington Fish and Wildlife Commission joint meeting and workshop

November 1, 2018

Beginning on November 1, 2018 the Oregon and Washington Fish and Wildlife Commissions will be holding a workshop and regular meeting. From my understanding the first day of the meeting the agenda includes the Columbia River Fisher Management policies and a briefing covering updates on Predation, Pinnipeds and Killer Whales. We should be hearing from the Association regarding a manner of meeting up at the event.

The first day agenda, from Washington's website, is below and the full agenda can be seen/downloaded at:

https://www.dfw.state.or.us/agency/commission/minutes/18/11_nov/November%201%20Joint%20Meeting%20Agenda.pdf

or,

On the next page is the first day's agenda from The Washington website, which contains the 3 day agenda.

Lower Sandy Floating Cleanup September 22, 2018

Sandy River Chapter, ANWS, members Steve Rothenbucher, Bob Pinegar, Jim Holzman, and Bruce Arnold joined volunteers from SOLV and the Sandy River Watershed Council for a morning on the Sandy River starting at Lewis and Clark Park. A supply of construction trash bags and gloves were provided, as well as “grabbing tools”. Some volunteers headed up river, some at the park, and down river. And, also picked up trash in the Parks where they met for the start and finish of the event.

This is part of our adoption of Glenn Otto Park and use of their facilities commitment. So, thanks to our volunteers for

representing us.
